Follow Your Own Path

The Nashua Advantage: Not only can you save thousands of dollars by starting at Nashua Community College and finishing at Granite State College; you can stay close to home and work. No need to pay hefty room and board fees which add thousands of dollars to your educational expenses.

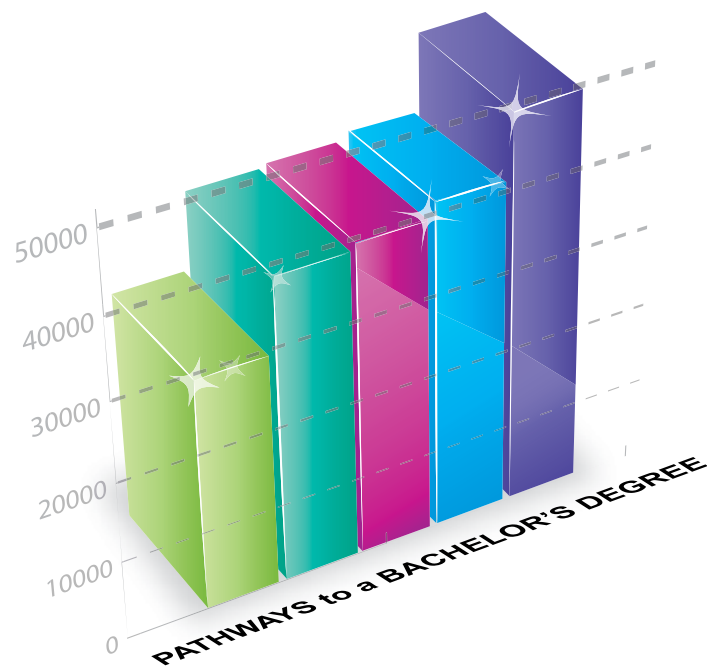

Nashua Community College + Granite State College = \$29,700
(\$12,600) (\$17,100)

Southern New Hampshire University = \$38,400

UMASS-Lowell = \$39,600

Plymouth State University* = \$41,600

University of New Hampshire = \$49,800

* Continuing Education program.
Figures represent 2012-13 tuition data (excluding all applicable fees); 12-17 credits per semester course load.

And More...

How to Apply to NCC

1. Apply for Admissions
 - Complete the application form, print and sign. Or, complete the online application form.
 - Mail the completed application with the required \$20 application fee to:
 - Admissions Office
 - Nashua Community College
 - 505 Amherst Street
 - Nashua, NH 03063
 - Submit evidence of high school graduation with an official transcript of grades, courses, and standardized testing (Please note: Scores on the SAT's are not required), OR submit evidence of the GED or equivalent
 - Submit an official transcript of grades and courses for all post-secondary institutions attended
2. Plan to attend an Information Session
3. Present recommendations from a high school and/or employers (if required)
4. Participate in Accuplacer Course Placement Assessment (when required)
5. Apply for Financial Aid
 - Review financial aid procedures described on the NCC website
 - Complete the FAFSA (form can be obtained from www.fafsa.gov).

<http://www.nashuacc.edu/apply>

Cover Photo: Nashua Community College recently unveiled its new wayfinding campus signage. Visitors may now navigate the growing campus with ease.

In the past four years two buildings were constructed: the Wellness Center and Judd Gregg Hall. These additions were necessary to address growing student enrollment, and also serve as premier venue space for area non-profit organizations.

NCC strongly believes in community partnerships thus the gymnasium, auditorium, conference spaces, and classrooms are often used by area groups including Special Olympics, Peacock Players, Nashua Symphony Orchestra, and many others.

Nashua Community College is proud to be a hub of activity throughout the year.

Today's workplace requires key skills:

problem solving,
analytical thinking, and the ability to work

independently. **What do they all**

have in common?

They're all related to STEM

(Science, Technology, Engineering, and Math).

"In the 21st century, scientific and technological innovations have become increasingly important as we face the benefits and challenges of both globalization and a knowledge-based economy. To succeed in this new information-based and highly technological society, students need to develop their capabilities in STEM to levels much beyond what was considered acceptable in the past." (National Science Foundation)

- Education levels necessary for STEM-related careers vary. For professions requiring education beyond an Associate's degree; Nashua Community College offers a strong foundation to begin your educational journey. NCC is accredited by the Commission on Institutions of Higher Education, thus many of the courses are transferable to 4-year institutions.
- Advanced manufacturing is one of New Hampshire's largest economic industries but there is a growing need for skilled workers.
- 14% of job openings in NH through 2020 will be in STEM areas.

STEM

(Science, Technology, Engineering, and Math)

On-campus Learning/Training Facilities

Automotive Facility

In 2012, NCC's automotive facility underwent a \$2 million expansion. The 17,000 s.f. addition includes three general classrooms, 10 garage bays, and a "drive in" laboratory. Beyond increasing the institutions capacity to serve more students, the expansion simulates the workflow environment seen in modern automotive repair shops. This gives students a leading edge over their competition as they are at ease in real-world working conditions.

Advanced Machine Tool Laboratory

The 5,000 s.f. facility was renovated in 2013 through a \$1.6 million grant from the U.S. Department of Labor. The laboratory houses machinery found in today's cutting-edge manufacturing environments including a 3-D printer (Rapid Prototype Machine), Prototrack CNC/Manual Lathes, HAAS CNC Mini Mills, Protrack CNC/Manual 3 Axis Milling Machines.

Science Laboratories

In 2010, three additional science laboratories were built to accommodate growing enrollment and to meet industry standards. The laboratories are equipped for coursework in Anatomy and Physiology, Chemistry, and Biology.

The Liberal Arts Program is representative of the first two years in a four-year baccalaureate degree program. By identifying early the four-year college to which they wish to transfer, and with the assistance of academic advisors, students will develop a program of study that meets their future plans.

MATH: The Liberal Arts Degree with a Mathematics Concentration has been developed to provide the first two years of preparation for a student wishing to complete a bachelor degree with a major in mathematics or mathematics education.

SCIENCE: The Science Concentration prepares students for transfer to four-year colleges and to pursue further study in the fields of biology, chemistry, physical science, physics, health careers, laboratory work, scientific research, teaching, or pharmaceuticals.

Testimonials

"I am happy to report that graduates of the NCC PACT program have exceptional earnings potential, much of which may be realized within the first three to four years working in a professional and focused automotive service environment. Honda and Acura dealers are held to high standards by the manufacturer. We all know that these same dealers are held to an even higher standard by their valued clients. I am happy to share that individuals who graduate from the school, who work to earn top grades while there, and who choose to fully apply their skills and energy in their work environment after graduation have the opportunity to earn in excess of \$75,000 per year with truly unlimited earnings potential going forward."

– Joe Mitchell, General Manager, Sunnyside Acura

"My time at NCC provided me with a valuable skillset that helped to prepare me for continuing my education, and entering the professional world of Computer Science. The comprehensive coursework, and supportive faculty, helped to form a sturdy foundation that has contributed greatly to my current career."

– Kurt Waltz, Global Customer Support, Pegasystems, Inc.

Step-by-Step

Enrollment Guide

1

Apply for Admissions.

- a. Complete an Admissions Application.
- b. Submit completed application and \$20 application fee.
- c. Provide evidence of high school graduation with an official, sealed transcript OR submit evidence of GED or equivalent.
- d. Submit official, sealed transcript(s) for all post-secondary institutions attended (if applicable).

2

Attend an Information Session.

3

Provide Recommendations. From a High School and/or employers (if required).

4

Take the Placement Test.

5

Apply for Financial Aid.

6

Schedule Classes with an Academic Advisor.

7

Pay Tuition. (Tuition is due 2 weeks prior to the start of each semester.)

Protect & Serve

Earn a Certificate in Criminal Justice at NCC

Do you enjoy helping others? If so, you may want to consider a career in criminal justice. NCC's new Certificate program will help you begin your journey. Our program combines both criminology and liberal arts courses. Through this program you will learn to strengthen your "soft skills" – essential knowledge for those working in the service sector.

Career Paths

Beyond positions as a police officer, those with a criminal justice education may seek employment as:

- State Trooper
- Deputy Sheriff
- Court Bailiff
- Correctional Officer
- Probation & Parole Agent
- Detective / Criminal Investigator
- Security Officer
- Transportation Security Screener

For more information about this exciting new offering contact:

Instructor-Facilitated Online Non-Credit Courses Starting as Low as \$105.00

Spring 2014

January 15 • February 19 • March 19 • April 16

Our instructor-facilitated online non-credit courses are informative, fun, convenient, and highly interactive. Our instructors are famous for their ability to create warm and supportive communities of learners.

We offer you hundreds of engaging online courses for adults covering every topic from Starting your Own Business to Secrets of Better Photography

All courses run for 6 weeks (with a 10 day grace period at the end). Courses are project-oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links and more.

You can complete any course entirely from your home or office at any time of the day or night.

To Find a Complete Listing of Courses
Visit our Online Instruction Center Today!

Paralegal Studies

The Paralegal Studies Program provides students with the education and training necessary to seek and begin career as a paralegal. Under the supervision of a lawyer, paralegals will: Gather background information; interview clients and witnesses; perform legal research and writing; draft legal documents and contracts; and assist attorneys in preparing for court and at trial.

“All paralegal courses at Nashua Community College are taught by experienced attorneys. In all paralegal specialty courses, the students will not only be taught the essential knowledge of the law, but will also be given the practical knowledge necessary for employment and success as a paralegal.”

Nashua Community College is an accredited Institutional Member of the American Association for Paralegal Education (www.aafpe.org) and a Sustaining Member of the Paralegal Association of New Hampshire (www.panh.org).

For more information about these programs contact Robert A. Lubitz, Esq., Professor, Business Studies Department/Program Coordinator, Paralegal Studies at rlubitz@ccsnh.edu or at (603) 578-8900 ext 1759.

Didn't see what you were looking for? More non-credit, enrichment classes will be added throughout the semester. Visit us online at www.nashuacc.edu/ce.

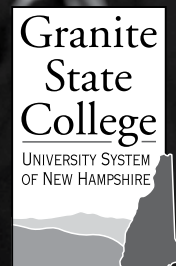

Turn your Associate Degree into a Bachelor's Degree

If you have previous college experience, you should receive credit for it!

Granite State College views your learning as a foundation on which to build your degree program. We have a liberal transfer policy, depending upon your degree, which allows you to transform your associate degree into a bachelor's degree or complete a degree you previously started.

No application fee!

COMMUNITY EDUCATION
at Nashua Community College

CAREER DEVELOPMENT
at Nashua Community College

Obtain the skills and knowledge for both personal development and career advancement.

Nashua Community College provides classes for self-improvement in your business and personal life. From learning how to better protect your privacy, overcoming your fear of public speaking, staying fit with Zumba, or expanding your business computer knowledge, our Community Education offerings expand your horizons.

Nashua Community College provides professional development opportunities ranging from CEU hours to maintain your existing certifications to full certification programs that allow you to enter new fields. Many courses are designed for profession-specific knowledge and skills. Courses are taught by credentialed, industry professionals in a relaxed learning environment.

Selected NCC courses are available at a discount for non-college credit.

WORKFORCE DEVELOPMENT CENTER

 Nashua Community College

The Workforce Development Center is a strategic partnership between Nashua Community College and its community to provide quality, learner-focused professional and personal growth opportunities in the areas of professional development, business and industry training, and personal growth.

The **Business and Industry Training** through the Workforce Development Center at Nashua Community College provides customized training services for companies and their employees that seek to improve skills essential to remaining competitive and ensure job security. By first meeting and discussing specific needs within your organization, an assessment is prepared analyzing workforce training goals. An effective, efficient, and high-quality customized training program is then designed and presented, with an outcomes assessment to follow.

“*Training is taught by the highest quality industry professionals and specialists.*”

Training programs can be taught on-site or in the facilities at Nashua Community College. Subject matter experts know how to deliver the results you require.

They can assist to:

- Upgrade Technical Skills
- Integrate New Processes
- Enhance Customer Service
- Learn Management & Leadership Skills
- Solve Language Barriers
- Develop Basic Workplace Skills
