**Activities and Organizations**

Students at NCC have been most enthusiastic in organizing their own activities guided by faculty advisors. Student activities are similar to those found at other Community Colleges and are based upon student interest. These may include baseball, community service, golf, outing club, skiing, gaming, and of course, student government, to name a few. If you are interested in starting a new club, please see Amy Vazifdar upstairs in the Wellness Center-Room 204-Student Life Office. [avazifdari@ccsnh.edu](mailto:avazifdari@ccsnh.edu).

**Student Senate**

The Student Senate is responsible for promoting student interest and coordinating student events. They recommend the establishment of clubs and activities, promote and enforce high standards for personal conduct and assist in the allocation and disbursement of student activity funds which support extra-curricular activities. They are responsible for maintaining mutual understanding among administration, faculty, and student body. The Student Senate also provides education and training for student leaders.
