Educator’s Rising wants to help!

To the Parents of NCC

Educator’s Rising knows that having classes and a child learn from home is tremendously difficult. That is why our future teachers want to help. Whether you have questions about helping your child learn a particular subject, or you think that your child could benefit from online tutoring, we are available.

With a tutor available every weekday and content knowledge in a variety of subjects, we can help with whatever you need. The next page of this flyer also contains additional resources that may be handy to you (school’s may have access codes to some of the resources, don’t hesitate to ask your child’s teacher). Our help is free and we will work around your schedule.

If you have any questions or would like to schedule a session please contact club President Corrina Seaward at cseaward866@students.ccsnh.edu

Stay healthy and happy learning!
